Mrs. Ed Matheeny.

Don't fail to read this convincing letter of Mrs. Geo. C. Burns, of Warm Springs, Va.:

"There is no one knows but myself, how I suffered with my eyes and head. In fact my eyes were so sore and my head ached so badly that it was almost unbearable. I had several eye doctors and M. D. doctors to prescribe for me, but with no results. I just thought I would lose my sight, and I was a nervous wreck until about 3 weeks ago, when Dr. S. T. Davis came to our house. I consulted him about my eyes and he fit me with glasses and advised a treatment, and I must say that in three weeks time, under his advice, my eyes were cured entirely well. I can now go without my glasses, and I have not had the headache since. My general health has improved and I can highly recommend Dr. Davis to be an expert in his profession. Any one who has eye trouble or need glasses will make no mistake in seeing him.

Yours Truly,
Mrs. Geo. C. Burns,
Warm Springs, Va.
April 27, 1912."

If a check is lost in the mail or otherwise, notify the bank at once so payment can be stopped. Be careful about giving your check to a stranger. This is the cause of many frauds and your check to your bank to be extremely cautious.

SMALL ACCOUNTS

There are many persons in this county who feel, possibly, that their business does not warrant the keeping of a bank account, but who would, in reality, be greatly benefited thereby.

This is a mistaken idea. A bank account is valuable to every person who transacts business.

You are enabled to keep your money where it is safe yet it is available in part or whole at any time.

You can pay all bills by check. This gives you a receipt for every dollar paid, for all checks are returned to you after having been paid by your bank.

The fact that you possess a bank account gives you a better standing among business men and enables you to establish a credit with your bank when you have need of it.

We welcome small accounts at this bank.
